

How to connect to the Internet with your Mac

<https://support.apple.com/en-us/HT201735#ethernet>

Use Wi-Fi

Learn how to connect to an open, secure, or hidden Wi-Fi network.

Connect to a Wi-Fi network

Click  in the menu bar, then choose a network. If Wi-Fi is off, click , then select Turn Wi-Fi On.*

If you connect to a public Wi-Fi network, a window might appear with terms and conditions you're asked to agree to before you can connect.

Connect to a secure Wi-Fi network

Secure Wi-Fi networks are password-protected and have  by their names.

1. Click  in the menu bar. If Wi-Fi is off, click , then choose Turn Wi-Fi On.*
2. Choose a network.
3. Enter the password, then click Join. If you don't know the password to the Wi-Fi network, contact the person who set the password.

Connect to a hidden network

1. Click  in the menu bar. If Wi-Fi is off, choose , then choose Turn Wi-Fi On.*
2. Choose Join Other Network.
3. Enter the network name. Make sure you enter the network name correctly.
4. If the network is secure, choose the Security type, then enter the password.
5. Click Join.
