NEW Pharmacy Benefit Manager
EXPRESS SCRIPTS

Introducing you to your new pharmacy provider

CONTINUITY OF CARE IS IMPORTANT FOR YOU AND FOR US

With very few exceptions, you will observe **little change between your experience with CVS Caremark and Express Scripts.** A very small percentage of you, however, may receive a letter alerting you to:

- *A formulary exclusion*
- *An exclusion for a type of GLP-1 medication (these medications are used to treat Type 2 Diabetes)*
- *A change to in-network pharmacies*

In every instance, Express Scripts will be working closely with you to find alternatives you are comfortable with.
