## COMMITTED TO SOCIAL-EMOTIONAL WELL-BEING

If it is not an emergency and you would like to talk with a KISD Professional School Counselor, please call the KISD Wellness Hotline at [254-336-HELP](tel:254-336-HELP) (4357).

The goal of Killeen ISD counselors is to help students develop academic, career, and social-emotional abilities. Preventive methods and interventions are used to ensure the well-being of each student.

The heart of the program includes a guidance curriculum, responsive service, individual planning, and system support.

The district has a Crisis Intervention Team which consists of district-level school counselors who are deployed to campuses as needed.

Killeen ISD recognizes that maintaining mental wellness and healthy social relationships are directly correlated with Social-Emotional Learning.

The vision of the KISD self-care committee is to decrease the stigma attached to mental health and increase awareness to social-emotional health and well-being by providing employees, parents, and students access to resources and additional support.
