Student,

My mission in reaching out to you is for you to consider the following 5 things:

1. What are your plans after graduation?
2. Are you going to college? How will you pay for it?
3. Are you going to start working right away?
4. Are you still unsure what you want to do?
5. How do you plan on getting the job experience needed to get that job you want?

Seniors who don't have a plan are less likely to be successful in the workforce today. College students who get student loans spend most of their lives trying to pay them back. The National Guard can get you the job experience you need and help pay for your degree to get that career you want! We want you to succeed in whatever you may choose to do. **It is my mission to ensure that you are aware of current opportunities which you may be eligible for within the Texas Army National Guard, and to have you evaluate if military service is an option for you and your family.** Texas is in need of motivated individuals like you!

Please afford me the opportunity for a brief phone call to explain what options are on the table today, and see if we can do anything to further your goals.

Thanks in Advance,
