## Budget Plan

2013-2014

Killeen Independent School District

# Budget

Killeen ISD will spend a total of \$377.0 million from all fund sources (excluding capital projects funds) in 2013-2014 to educate approximately 42,400 students. Of this, \$4.8 million (1.3%) will be related to capital outlay, \$12.0 million (3.2%) will be used to pay the principal and interest on debt, and approximately \$362.6 million will be spent on total basic educational operating costs. This brochure is intended to provide an understanding of what will be purchased with educational dollars in the 2013-2014 school year, and how the budget has changed from 2012-2013.

KISD will spend 61.6% of budgets (\$232.2 million) on **instruction**, much of this going to compensate the district's 2,791 classroom teachers. The district will also use these funds to compensate 955 educational aides who assist in classrooms and 47.5 librarians. These funds purchase library books and other instructional materials.

An additional 12.3% (\$46.3 million) will be spent on **instruction-related** activities. These expenditures include the compensation of the 50 campus principals, 116 assistant principals, and 111 counselors. Health services (including the compensation of 40 school nurses) are included here as are extra-curricular activities and the costs for attendance personnel.

Collectively, that means that 73.9% of the budget will be spent on **instruction** and **instruction-related** expenditures.
